Recently it has been decided by the Govt. of India to credit pension where feasible, into a post office or public sector bank account of the beneficiary.

(c) *Monitoring*:
   The States/UTs have the flexibility to implement the schemes through any State Govt. Department. They have to however, designate a Nodal Secretary at the State level to report the progress of implementation by coordinating with different departments concerned with the implementation of the schemes. The progress of implementation of the schemes is to be reported through quarterly reports in a given monitoring format by the 15th of month of the following quarter. Non reporting of the physical and financial progress reports is construed as lack of progress and therefore, may result in the non-release of additional central assistance for the last quarter of the financial year. Since the ACA allocations for the schemes lapse at the end of the financial year, the instalments cannot be released during the next financial year, even if a State Govt. reports progress subsequent to the cut-off dates fixed as above.
